ABOUT **The Company**

In a rapidly changing global landscape, the vitality of a competent and highly skilled workforce cannot be overstated. As industries evolve and demands shift, the need for professional training and certification becomes increasingly essential. PT Bintang Anugrah Surya Semesta (BASS) has made a remarkable impact in this realm, which is affiliated with the Professional Certification Institute for Facilitators, Instructors, and Coaching Personnel (LSP FIT) and LSP MSDM Unggul Persada, both licensed by the National Professional Certification Agency (BNSP). Established in 2016, BASS's mission is to prioritize competency-based training for human resources in Indonesia, aligning them with the Indonesian National Work Competency Standards (SKKNI) to meet the dynamic needs of the industry.

BASS emphasizes its role in producing a professional, competent, and highly competitive workforce that elevates industry standards. Our Company is dedicated to providing structured education and instruction to individuals or groups to develop their skills, knowledge, or expertise in professional areas. These core services offer various training programs and courses, including professional development, vocational training, personal growth, and Human Resource Management. PT BASS contributes to developing a well-trained and knowledgeable workforce. They are valuable resources for individuals and organizations, supporting lifelong learning and professional advancement.
